VILLAGE CLERK'S CERTIFICATE

STATE OF ILLINOIS)
COUNTY OF CRAWFORD) ss. VILLAGE CLERK'S OFFICE
VILLAGE OF OBLONG)

I, Ladora Boyd, Village Clerk of the Village of Oblong, do hereby certify that the following Ordinance of the Village of Oblong, Crawford County, Illinois, published by authority of the Village Board of Trustees was duly passed by the Village Board of Trustees of the Village of Oblong, Crawford County, Illinois, approved by the Mayor, and published in pamphlet form according to law on this date, and that this ordinance is a true and perfect copy of the ordinance, as passed, approved, and now of record and on file in my office as provided by law.

In witness whereof, I have set and affixed the Corporate Seal of the Village of Oblong, Illinois, this 4th day of December, 2019.

LADORA BOYD, VILLAGE CLERK
OBLONG, ILLINOIS

(SEAL)

EXHIBIT “A”

38-3-5

(A) **ALL SERVICE TO BE BY METER.** All water service, whether for domestic, commercial or industrial use shall be metered. All meters shall be so placed and installed as to render the same accessible at all times for the purpose of reading or repairing and so as to be free from danger of freezing. Meters outside of a building shall be set in a suitable meter box approved by the standing committees governing water and sewer of the Village. Water shall not be turned on for new connections until the meter has been installed and all other requirements of this Chapter on the part of the property owner have been fully complied with.

(B) **STANDBY FIRE PROTECTION SERVICE CONNECTIONS – EXCEPTION.** *Standby fire protection service connections (sprinkler systems) of 2” size or larger will be installed only if adequate provisions are made to prevent the use of water from such services for purposes other than fire extinguishing. Sealed fire sprinkler systems with water-operated alarms shall be considered as having such provisions. All piping on the customer’s premises shall be installed in accordance with the plumbing code of the State of Illinois.*

Charges and fees. Charges for a standby fire protection service connection will be an annual fee of \$75.00. This charge will be invoiced to the customer during the regular June billing period. No charge will be made for water used in the standby fire protection services to extinguish accidental fires or for routine testing of the fire protection system. The customers shall pay the full cost of the standby fire protection service connection, including tap and installation.

Violations of Regulations. If water is used from a standby fire protection system connection service in violation of these regulations, an estimate of the amount used will be computed by the Public Works Department. The customer shall pay for the water used at the regular rates, including the

minimum charge based on the size of the service connection and subsequent bills rendered on the basis of regular water rates.
Fire Service Connections other than Standby. A service having fire protection facilities on the premises and water for other purposes flowing through the same service connection shall be considered as an ordinary service and metered as such. All water used through that service, regardless of its use, will be charged at the regular rate.

38-3-19 CUSTOMER NEGLECTS TO REPAIR LEAK.

The Village shall have the option of notifying a property owner or tenant in writing of water line repairs that need to be made beyond the meter on their property due to an excessive leak. Upon failure to make proper repairs within 10 days, the water service shall be discontinued. It shall be the duty of the Public Works Superintendent to shut off or have shut off, the water service to the property until proper repairs have been made.

38-3-87 COST OF TAP AND WATER SERVICE CONNECTIONS. For a **five-eighths (5/8) inch to one (1) inch** water service, the applicant shall pay a **Five Hundred Dollar (\$500.00)** tap-in fee, plus the cost of all materials [excluding meter] including road boring fees if applicable.

Remove the second sentence in this section. *{For a five-eighths (5/8) inch to one (1) inch water service in Rural Expansion No. 1, the applicant shall pay a Five Hundred Dollar (\$500.00) tap-in fee, plus cost of all materials [excluding meter] including road boring fees if applicable.*

38-3-88 WATER RATES. The following shall be for the rates for the water supplied by the Waterworks System of the Village computed and payable monthly:

(A) **Inside Village Limits Rates.**

First	1,000 gallons per month	\$22.00 MINIMUM CHARGE
Over	1,000 gallons per month	\$ 7.00 per 1,000 gallons

(B) **Outside Village Limits Rates (Including Phase I).**

First	1,000 gallons per month	\$28.20 MINIMUM CHARGE
Over	1,000 gallons per month	\$ 7.00 per 1,000 gallons

38-5-18 RESPONSIBILITIES OF THE OWNER.

The owner shall maintain a private sewage disposal system in a sanitary manor at all times and at no expense to the Village. The Village shall have the option of notifying in writing, the property owner or customer of sewer line repairs that need to be made on their property. Upon failure to make proper repairs within 10 days, the water service shall be disconnected. It shall be the duty of the Public Works Superintendent to shut off or have shut off, the water service to the property until the proper repairs have been made.
